- Principal report- Highlights African Dance, pottery making, preparations for online learning (Scenario 2 and 3)
- Deanna's Report was read by principal- Highlights- Xmas hampers, Monthly dinners, Buddy Back paks

New Business

1. East St Margarets' reached out to principal to get in contact with person involved in getting the speed radar signs installed in our school area. Sarah asked Shaina if Ben Davis would be interested in helping them problem solve this for their area. Shaina stated sure so Sarah sent East st Margarets info to Shania to give to Ben. Sarah noted that it seems to be making a difference with speeds and Shaina agreed. Shaina did discuss that she is having some difficulties with local companies still speeding. She has been in touch with those companies specifically.
2. Examined logos that Laila so graciously created for us. Discussion around the need for tshirts and the sign outside needing to be replaced which should have the logo on it. Talk about tshirts and getting logo approved by Home and School as well at their next meeting. Discussion of how to use only two colors in T-Shirt Logo. Sarah stated that she would investigate the price of a sign like the one just installed outside Mason's Point approx. four feet by two feet. Have to be conscious of visibility getting in and out of driveway.
3. Sarah requested funds for a school language program called Haggerty, which focusses on teaching students at a young age letter, sounds with hand gestures. Sarah requested that SAC pay for the program, which would cost 400 to 500 dollars Canadian. The committee voted to approve this item and the money would come out of SAC budget.

Meeting was adjourned and next date was set for Feb 22nd at 2:30.
